Note:

This Table uses data from URS/DIG Table 2a, Table 2b and from the U.S. Census Bureau.

All denominators use U.S. Census data from 2000.

U.S. Totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

State Notes:

2a For reporting year 2002, NM is only reporting out on Adults 18 yrs. and older. The Children, Youth and Families Department collects data for children and has chosen not to submit data at this time. NM also collects Race slightly differently than the table specifications. Therefore, please note the following: American Indian or Alaska Native = NM Code 04 Native American & Code 05 Alaskan Native. Asian = NM Code 03 which combines Asian and Pacific Islander - this will impact the Native Hawaiian or other Pacific Islander category. Native Hawaiian or Other Pacific Islander = NM Code 03 Asian/Pacific Islander - therefore, Pacific Islander is captured under the Asian category. The above numbers are unduplicated counts.

2b For reporting year 2002, NM is only reporting out on Adults 18 yrs. or older. The Children, Youth and Families Department collects data for children and has chosen not to submit data at this time.
